# World Evangelical Alliance Ministry Overview

**Bishop Dr Thomas Schirmmacher**

*Secretary General,  
World Evangelical Alliance*

The World Evangelical Alliance is a **global movement that strives to unite evangelicals across denominational, cultural and geographic boundaries**. When in 1846 Anglican Priests and Anabaptists started to work together, people thought that would not be possible. German Lutheran pastors and professors invited Methodists from the United States to preach the Gospel in Germany - something that was unheard of in those days.

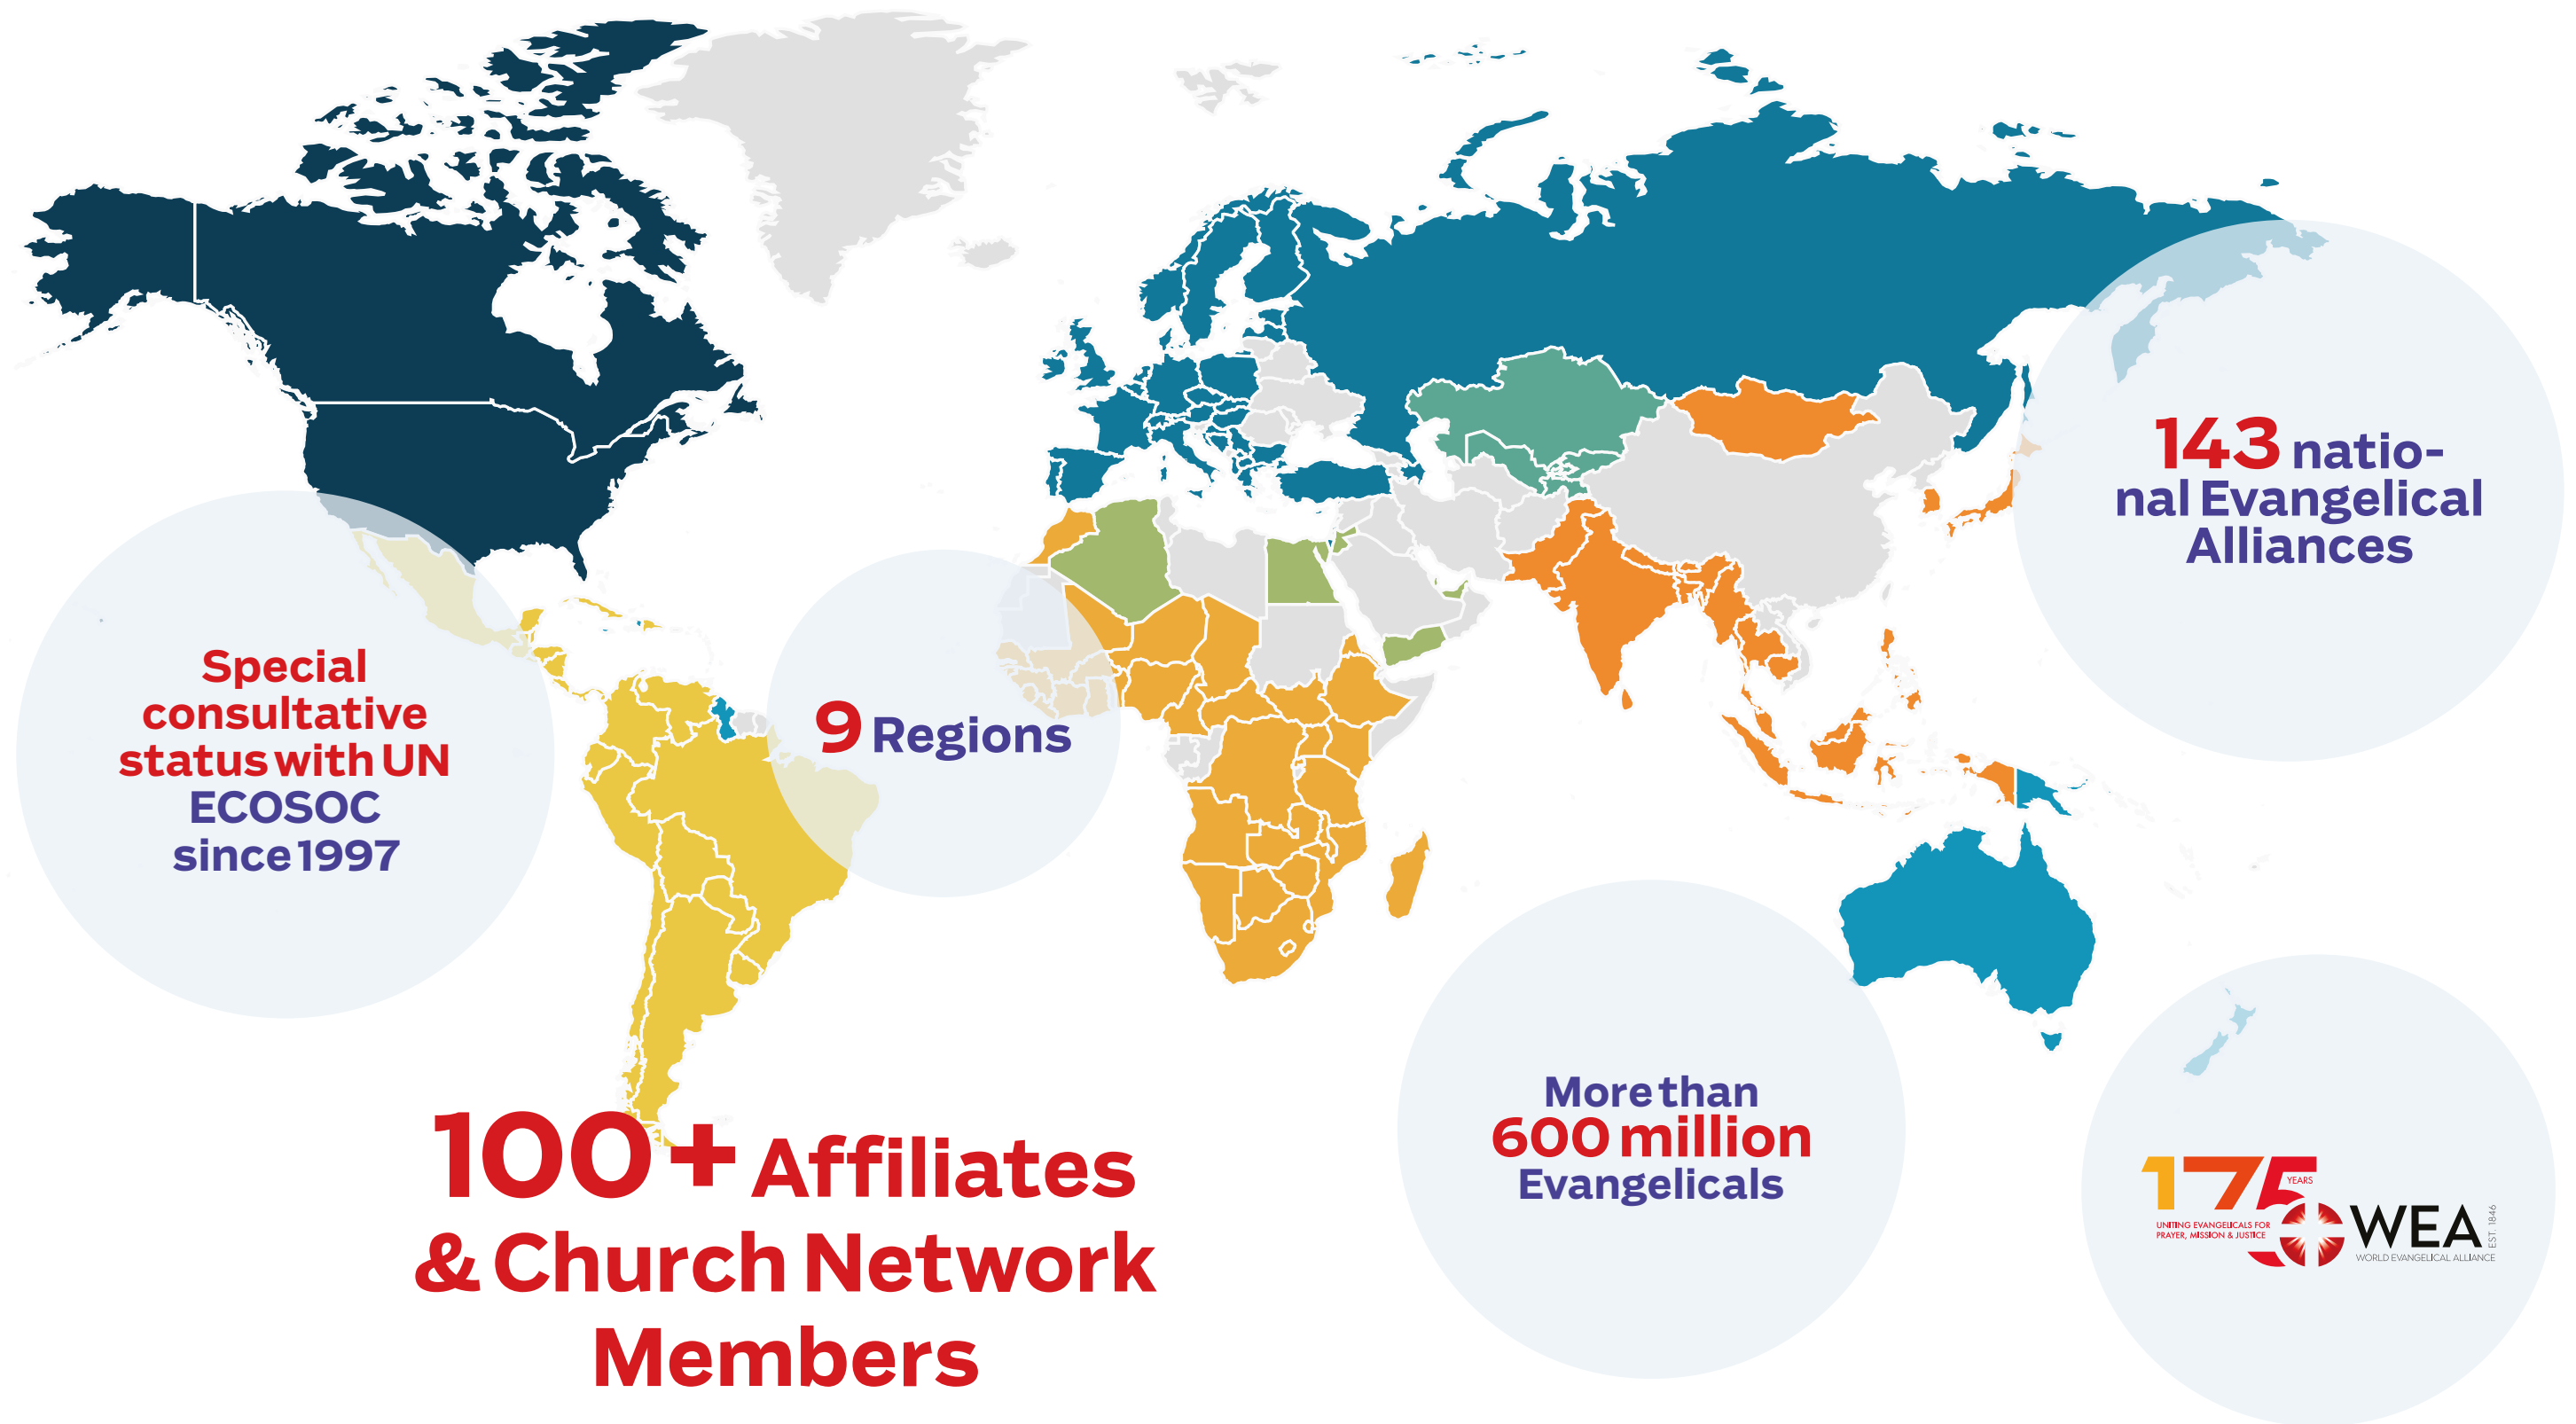

175 years later, the WEA is even more diverse as evangelicals have become more varied confessionally. We have become much richer in terms of ethnicities, in languages and in cultures. There are evangelical churches in the Brazilian rainforest where believers worship ten meters above the ground in high trees, and there are churches in skyscrapers in Malaysia on the 20th floor of a modern highrise building.

What unites evangelicals is our **common belief in the Bible as the highest authority in life**; we believe in the **centrality of mission**, which means **sharing the Good News of Jesus Christ** with others; we believe in the importance of **religious freedom for everyone**, so that every person's faith is based on free will; and we believe in **living out our faith** by caring for the vulnerable, caring for creation, and seeking the best for the communities we live in.

The WEA is a global body that serves a constituency of **more than 600 million evangelicals who belong to churches in 143 countries**. This brief introduction is meant to provide just a glimpse into this growing dynamic movement.

Serving  
more than  
**600 Million**  
Evangelicals  
in **143 Countries**

In **1846**, the World Evangelical Alliance was formed as Evangelical leaders responded to justice issues including child labor, slavery and religious persecution. Evangelicals sought fellowship across denominational lines. Since the middle of the last century, this community has grown from 90 million to over 600 million today.

### Our Vision

Evangelicals united globally for  
Gospel transformation.

### Our Mission

Fostering unity in Christ, strengthening identity,  
voice, and platform for Gospel witness  
and discipleship.

### Our Values

Christ-Centered  
Kingdom-Oriented  
Unity-Based  
Collaboration-Focused  
Global-Minded

## We believe in:

**The Holy Scriptures** as originally given by God, divinely inspired, infallible, entirely trustworthy; and the supreme authority in all matters of faith and conduct.

**One God**, eternally existent in three persons, Father, Son and Holy Spirit

**Our Lord** Jesus Christ, God manifest in the flesh, His virgin birth, His sinless human life, His divine miracles, His vicarious and atoning death, His bodily resurrection, His ascension, His mediatorial work, and his personal return in power and glory.

**The Salvation** of lost and sinful man through the shed blood of the Lord Jesus Christ by faith apart from works, and regeneration by the Holy Spirit.

**The Holy Spirit** by whose indwelling the believer is enabled to live a holy life, to witness and work for the Lord Jesus Christ.

**The Unity of the Spirit** of all true believers, the Church, the Body of Christ.

**The Resurrection** of both the saved and the lost; they that are saved unto the resurrection of life, they that are lost unto the resurrection of damnation.

# Our History

175 years ago today, some 800 evangelical leaders from eleven countries representing fifty-two Christian denominations resolved to establish the WEA. They described as “a new thing in Church history – a definite organization for the expression of unity amongst Christian individuals belonging to different churches.” Building on the momentum of the Great Awakenings and with a desire to respond to some of the grave social issues in society, they came together from all backgrounds of evangelicalism at that time.

Since the middle of the last century, this community has grown from 90 million to over 600 million today, with Evangelical Alliances formed in 143 countries.

Today, the WEA unites evangelicals for prayer, evangelism, mission, theological education, religious freedom for all, human rights advocacy and engagement in a wide range of social issues. It speaks with one voice to United Nations, governments and media in public or through behind-the-scenes diplomacy on issues of common concern to the Church.

In everything it does, the WEA remains inspired by Jesus’ prayer in John 17:20-23 where he prayed for his disciples and those who would believe after them, that all of them may be one, so that the world may believe in him.

# OUR STRATEGY - ROADMAP

Our efforts to realize the WEA's vision and fulfil its mission and unique role encompass four essential strategies: developing strong Regional and National Evangelical Alliances, being influential advocates, fostering fruitful and broad collaborations, and building effective organizational structures for outcome-based ministry. These four strategies enable action, give mobility and provide clarity as we are focused on Jesus Christ, empowered by the Spirit of God and committed to Gospel witness and discipleship.

## ROADMAP 2030

### Strong Evangelical Alliances

At the heart of our family of networks are Regional and National Evangelical Alliances. The genius of this global network is that each alliance is truly indigenous. Their leaders can initiate action, set priorities and mobilize their churches and partners, there by bringing together diverse stakeholders in the pursuit of a Gospel-focused common agenda that is relevant to their context. Founded around Evangelical theology and led by called and competent people, each alliance is positioned to provide unity and collaborative action on matters of Gospel concern.

### Fruitful & Broad Collaboration

WEA intentionally facilitates working relationships with a diverse coalition of networks, organizations and denominations. As global issues and arrangements shift, we will remain alert and proactive, fostering partnerships and nurturing new and creative movements based on shared values and a common agenda centered on God's kingdom.

### Influential Voice of Advocacy

We have a unique opportunity to affect the global narrative on critical issues in both sacred and secular halls of power. With WEA's existing spheres of influence, such as our special consultative status in the United Nations, we will be bolder and more effective in speaking to global platforms of power. As a global network, we can learn from each other, and together we can influence laws and policies affecting and other appropriate issues to further the peace and well-being of all in a sustainable environment.

### Effective Organizational Structures

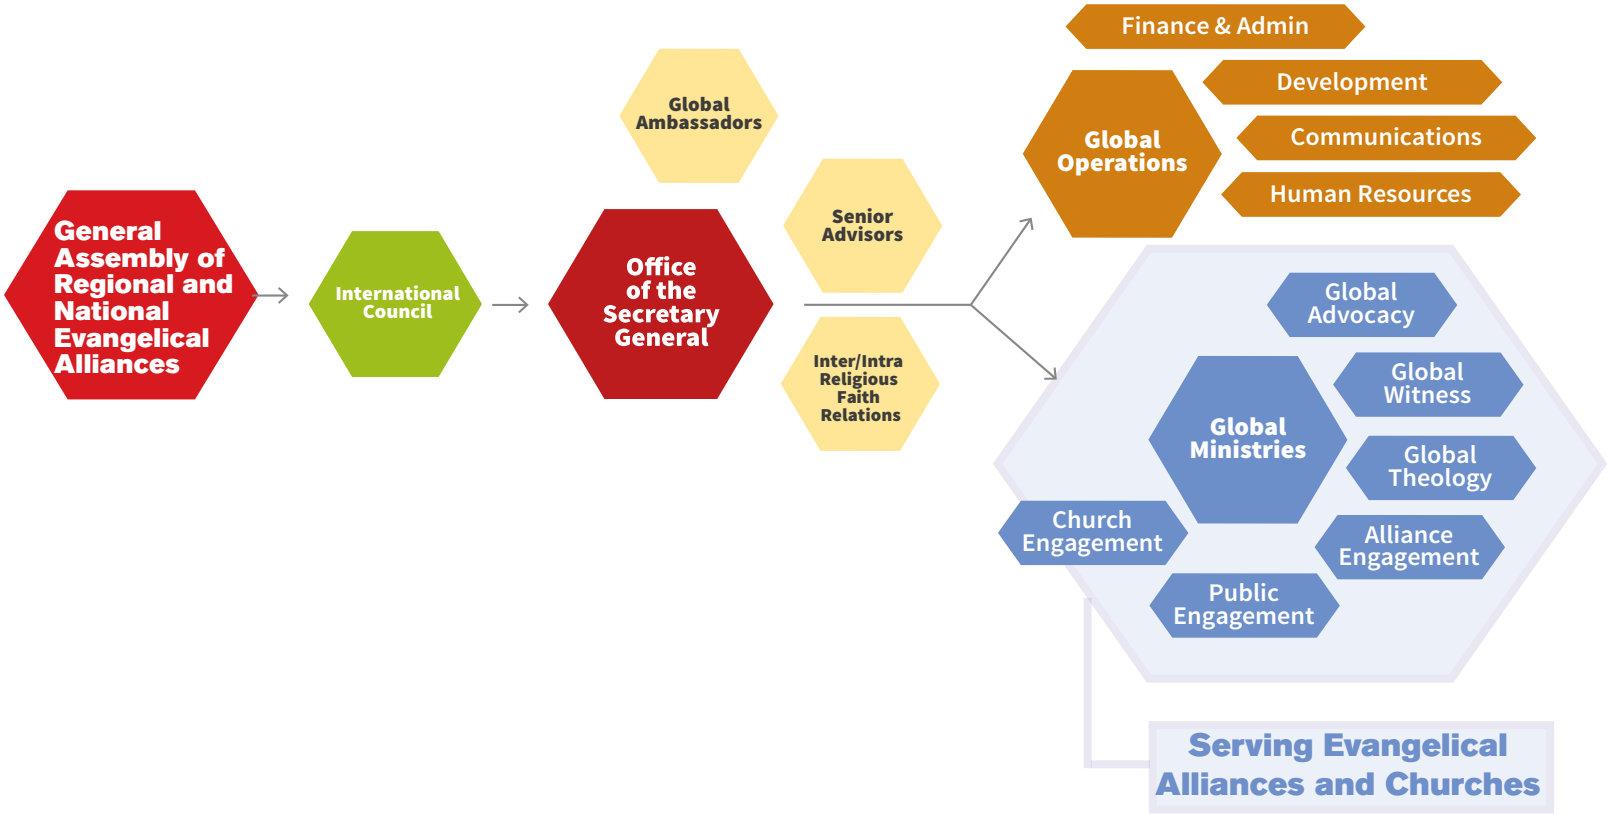

Responsive and able organizational structures are critical for WEA to be effective with its Regional and National Alliances, global office and departments, partners and affiliates. A strong and dynamic organizational "backbone" is based upon a common agenda, helps measure shared outcomes, facilitates mutually reinforcing activities, and ensures connectivity among partners. Good organization assists alliances, departments, and affiliates to be more unified, and with appropriate lines of mutual accountability, it sets in place rethinking, reflecting on and reassessing of what is being done for God's kingdom.

# Areas of Engagement

The WEA has six programmatic departments: Alliance Engagement, Church Engagement, Public Engagement, Global Advocacy, Global Theology and Global Witness. Each department consists of networks related to the area that are working together to maximize their impact at the global level and all the way to the local communities.

# Offices & Finances

The WEA has physical offices in New York, Bonn, Geneva and Manila.

The diverse ministry of the WEA network globally is sustained by an efficient blend of multi-sourced revenues and valuable contributed services. Depending on the strategic priority of the ministry, Global Operations works on securing revenues through internationally sourced donations and membership fees. This totals approximately \$5 million USD annually.

Finances are overseen by the International Council in general and Finance Committee specifically. Annual audits and reports are conducted and prepared by independent Chartered Accountants.
