Collaborating for the Call

WEA CALL33 Webinar · 11 November 2026 · Michael Kaspar, VisionSynergy

The big idea

Every nation has a calling from God that is **too big for one church or ministry**. The first step of collaboration is one simple question:
"Who else is God calling to this?"

What the Bible says

- **Ephesians 4:15–16** — The body grows "as each part does its work." Christ is the head. WEA serves as a *supporting ligament*: not the head, but a joint that helps the parts move together in love.
- **John 17:21** — Jesus prayed that we would be one, "so that the world may believe." Our unity is part of our witness.
- **Psalm 133** — Where God's people live in unity, "the Lord bestows his blessing."
- **John 13:35** — People will know we follow Jesus by our love for one another.

Three biblical principles

Principle	What it means
Unity, not uniformity	We stay different, but we are one. Bring your calling — do not lose it.
Diversity, not division	Each part does its work. Each alliance leads its own calling.
Love you can see	The world watches how we treat each other.

Four questions: is this a calling for many?

Start at question 1. If you answer "yes" to all four, this calling likely needs a network.

1. **Is it a God idea?** Not just a good idea — a God idea. (CALL33 step: pray and listen.)
2. **Does it need many people?** If one church can do it, let them.
3. **Is it complex?** Is it too big for one organisation to solve?
4. **Will it give God glory?** Will it use the gifts of the whole body of Christ?

The journey: Explore, Form, Operate

Stage	CALL33 step	What you do
1. Explore	Pray and listen · Identify needs	Discern the calling. Find who else God has placed in the field.
2. Form	Connect	Build trust. Agree on a shared vision and how to work together.
3. Operate	Walk together	Start, learn, adjust — and bear fruit over time.

Do not rush past Explore. Trust takes time, and it cannot be skipped.

What becomes possible when we work together

- Discover others who share the vision
- Use resources better — less duplication
- Use the full range of spiritual gifts
- Build trust, share risk, find new ideas
- Keep going on hard, long challenges
- Show the Gospel is true — by our love

Your next 30 days

☐ **Pray.** Ask God: who else carries this burden?
☐ **Name two people or ministries** called to the same task:
Name 1: _____
Name 2: _____
☐ **Have one conversation with each.** Not a pitch — just ask: *"Who else is God calling to this?"*

Questions for your alliance

1. What is God calling the church in our nation to do toward 2033?
2. Who is already working on this — in our nation or in another?
3. What would we gain if we worked together? What might it cost us?

Want to go further? Let's talk.

VisionSynergy walks with alliances and networks as they learn to work together.
